with magnetic 

Sparking plugs socket with magnetic, it can suck the plug, taken out easily and without falling down

Flare nut wrench 8-12mm

Adding adapter,can use for 1/2" extension bar

Dual-use oil filter wrench,can fit both 3/8" and 1/2"

7mm socket bit,for removing the brake cylinder screw of VW car

Slip joint pliers,can use for removing screw,and replace of pipe wrench

YT-0781	3/4" (19.0mm)	900	1"	2700	500	4800	2

Cautions

1. After the first using or being left unused for longer time and it is required to use once again, be sure to use higher torque to operate for 5-10 times so that the components within may be fully lubricated by the special-purpose lubricant oil. When it is not used, be sure to set the torque to the lowest value.
2. Torque wrench need to be calibrated after using 5000 times.
3. Do not keep applying pressure after reaching the preset torque, otherwises the work piece may get damaged.
4. Upon the ex-factory, the torque wrench has been calibrated and tested, and meet its accuracy.
5. Do not soak in any liquid to avoid affecting the lubrication inside.

18V Li-Ion

JEDNA BATERIA – WIELE MOŻLIWOŚCI

System 18 V to moc, swoboda i oszczędność!

Seria narzędzi akumulatorowych YATO zasilana jest tą samą wytrzymałą baterią 18 V, a ich szeroki wybór sprawia, że możesz wyposażyć profesjonalny warsztat, zadbać o dom i ogród. Każde narzędzie dostępne jest w dwóch wersjach: w zestawie z akumulatorem i szybką ładowarką oraz solo, co jest idealnym rozwiązaniem, gdy powiększasz swoją serię urządzeń działających na wspólnej baterii.

Gdziekolwiek jesteś, z baterią 18 V pracujesz z pełną swobodą!

SYSTEM 18 V

18 V system is a series of YATO cordless tools that are powered with the same heavy-duty battery. You can buy every of these devices in a set including a battery and a quick charger or solo, which is a perfect solution if you are expanding your set of tools.

Battery power supply provides you freedom and greater comfort of work. Additionally, the cordless tools of YATO are durable, handy and perfectly balanced. Thanks to that, working with them is a pleasure.

Professionalism

Power, modernity and perfected solutions – all of that we offer in the 18 V device series created with the most demanding users and professionals in mind.

Savings

There is no need to buy multiple batteries and chargers for the next tools. Thanks to the 18 V system, you save money and space at home and protect the environment!

Selection

As your requirements grow, so does your 18 V collection. A wide selection of tools for the household, workshop and garden allows you to create a set of tools that you really need.

Chain guides

Intended for household and professional use – perfect for works around the house and in the garden, as well as for woodcutting. They are compatible with petrol chainsaws and electric chainsaws coming from various manufacturers.

- *star-shaped ending fixed by means of 4 rivets ensures high precision of assembly and increases durability of the guide*
- *roller bearing ensures precise leading of the chain, minimising the resistance while working*
- *manganese steel increases resistance of the guide to abrasion and overheating, extending its lifetime*
- *lubrication system with oil container distributes the oil uniformly along the whole chain length*

Cutting chains

Intended for household and professional use – perfect for gardening works and professional processing of clean or moderately soiled wood. They are compatible with petrol chainsaws and electric chainsaws of various manufacturers.

- *the vibration dampening system reduces vibrations by 25% and ensures comfortable operation thanks to not transferring the vibrations from the chain to the guide*
- *reduction of kickback thanks to specially designed links increases work safety*
